

Tile

Conwed Tiles bring the best acoustic performance out of traditional drop-grid ceilings, whether they're in the original spec, or a retrofit. Schools, offices, and more can all benefit.

Paint

New Dimensions | Foundations

Conwed's painted products, known as *New Dimensions*, are all uniformly sprayed using any custom color or color match in the Sherwin Williams catalog. **Products can be left unpainted** upon request to be finished in the field. Unpainted products are known as *Foundations*.

Core construction

Dimensionally-stable 6-7 PCF fiberglass board for acoustic performance. Surface is completely adhered with specially-formulated scrim, and finished with custom-paint; optionally left unpainted for finishing in the field. Edges hardened for durability using resin.

1. Resin hardened edge
2. Fiberglass core
3. Scrim
4. Paint Finish

Acoustic performance

The NRC of the products are determined from an average of sound absorption coefficients, obtained from tests conducted according to ASTM C423 procedures in an NVLAP accredited laboratory.
